Capacity  
Enhancement

## Admission 2026-2027

Public & Social  
Innovations

The MSocSc(NPM) curriculum is the first master's degree in nonprofit management in Hong Kong.

Designed as an Executive Mode Master Programme, we aim to empower future nonprofit leaders with the knowledge and management skills to lead and transform social purpose organisations across the philanthropic sector.

Impact  
Philanthropy

This curriculum offers cross disciplinary research-led teaching with a blend of theoretical and practice knowledge, and an extensive NPM alumni comprising local and global nonprofit and philanthropic experts, including social service organisations, social businesses, family foundations, and private philanthropic organisations. Students will be equipped with cutting edge knowledge on emergent topics such as impact investing, impact measurement, environmental, social and governance (ESG), fundraising and development, and strategic management. The blended pedagogy approach involving intensive teaching mode and online tutorials which uniquely designed for working professionals.
